

Dual-bands Antenna

Part No.: WLANT-2458-13

2.4GHz/5.8GHz Dual-bands Antenna

Features

- High Profile with One Tool Shot
- High Through Results on Indoor Device
- Cover 2.4G/5.8G Proprietary Wireless Indoor Projects

Electrical Characteristics

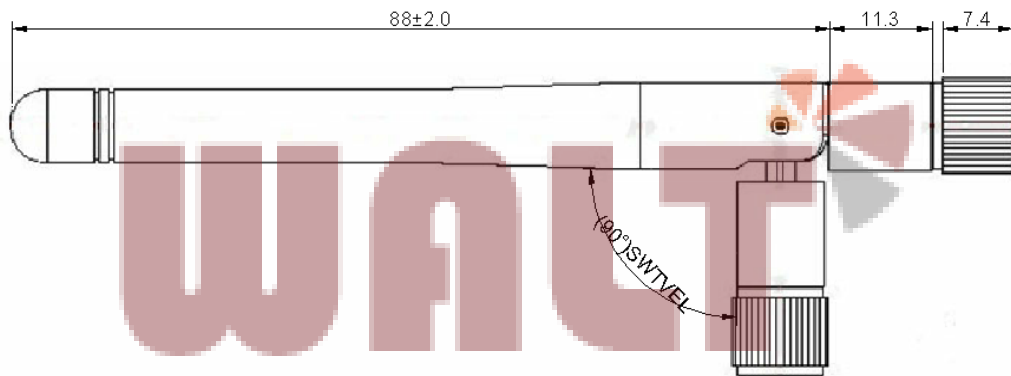

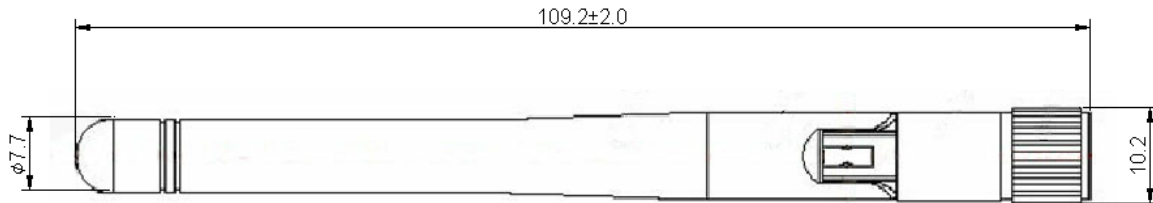

Description	Specification
Frequency :	2400~2500MHz/5100~5900MHz
Impedance :	50Ω
VSWR :	2.0: 1 (MAX.)
Gain :	2/4 dBi
Connector Type :	RP SMA Male

Mechanical Characteristics

Description	Specification
Operating Temperature	-40~80°C
Humidity :	Up to 95% at 25°C
Material :	Rubber

Outline Drawing

Units: mm

Dimension Tolerance: ± 0.2 mm
