

# Dual-bands Antenna

**Part No.: WLANT-0928-11**

**902~928MHz Dual-bands Antenna**

## Features

- High Profile with One Tool Shot
- High Through Results on Indoor Device

## Electrical Characteristics

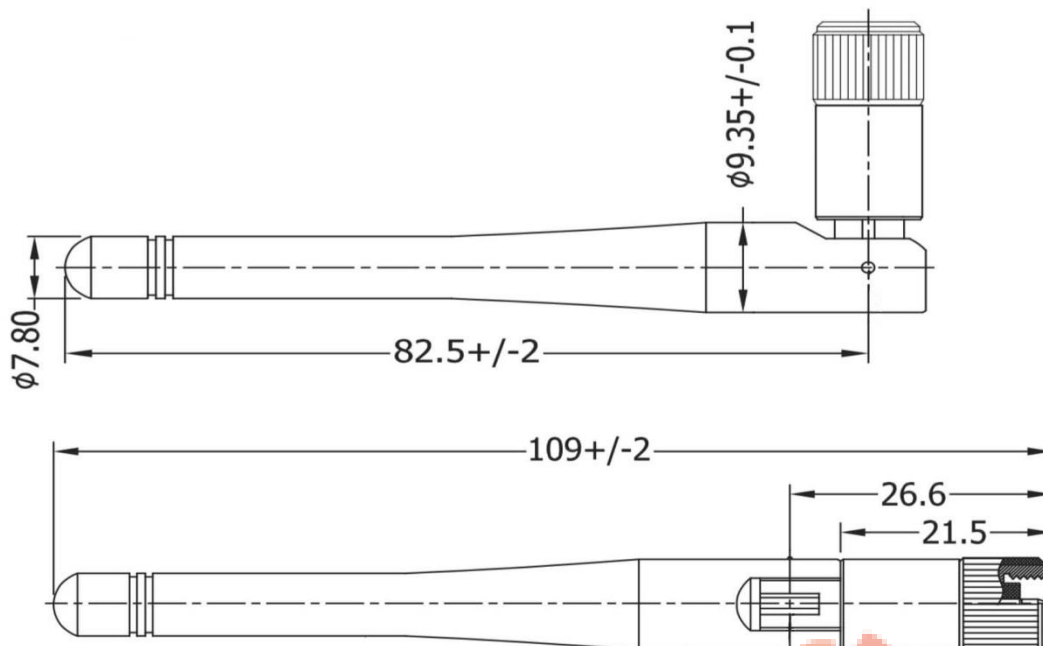

Description	Specification
Frequency :	902~928MHz
Impedance :	50Ω
VSWR :	2.0: 1 (MAX.)
Gain :	1 dBi
Polarization :	Vertical
Connector Type :	SMA Male

## Mechanical Characteristics

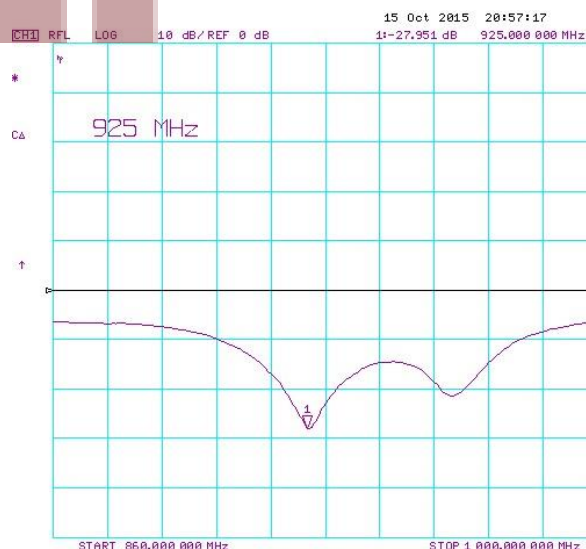

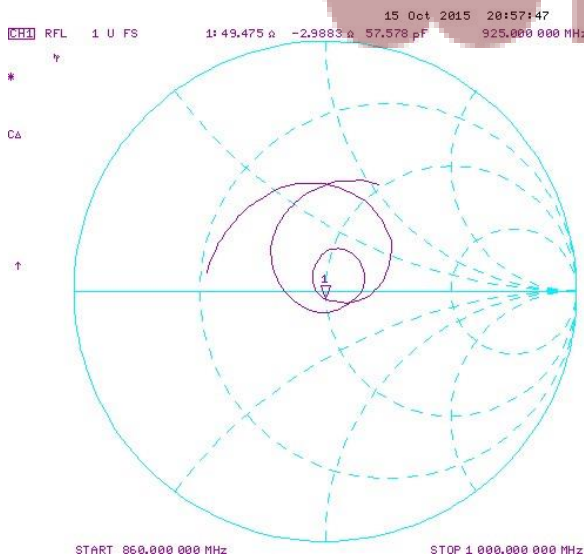

Description	Specification
Operating Temperature:	-30~75°C
Dimension:	∅ 7.8x109 mm
Material :	PBT+PC

### Outline Drawing

Units: mm

### Test Report

**Dimension Tolerance:  $\pm 0.2 \text{ mm}$**
